## Abstract Submission

The length of abstracts must be between 200 and 400 words and should outline the major content and conclusions. Upload your abstracts at [www.isec-society.org/abstractsAndPapers2/index.php](http://www.isec-society.org/abstractsAndPapers2/index.php)

## Language

The official language of the conference is English for the regular sessions and proceedings.

## International Structural Engineering and Construction Conference (ISEC)

The mission of ISEC Conferences is to enhance communication and understanding between structural and construction engineers for successful design and construction of engineering projects. Interdisciplinary integration and international cooperation are encouraged. ISEC conferences promote innovative and integrative approaches in life cycle systems thinking in civil and building engineering that include constructability, specifications, design, bidding and construction. ISEC provides an international forum for the discussion of topics important to developing new knowledge in construction and structural engineering. The aim of ISEC is to conduct such conferences at an international level.

## Past ISEC Conferences

- ISEC-01: Honolulu, Hawaii, USA, January 24-27, 2001
- ISEC-02: Rome, Italy, September 23-26, 2003
- ISEC-03: Shunan, Japan, September 20-23, 2005
- ISEC-04: Melbourne, Australia, September 26-28, 2007
- ISEC-05: Las Vegas, Nevada, USA, September 22-25, 2009
- ISEC-06: Zurich, Switzerland, June 21-26, 2011

## General Topics

All branches of structural and construction engineering; architectural, coastal, geotechnical, infrastructure, and materials engineering; air and water; construction management and safety; cost and project management; education and ethics; energy; facilities and asset management; housing; law and dispute resolution; national development; procurement; quality; risk analysis; sustainability; and other related topics.

## Technical Program

The technical program will include keynote lectures, invited papers, parallel technical sessions, and parallel discussions.

## Exhibits and Exhibition Fees

The conference will provide an opportunity for companies to display their latest products and services in the field of structural engineering and construction. Those interested in having a display booth should contact the conference chair.

## Accompanying Persons and Post-Conference Programs

The accompanying persons program includes shopping and visiting scenic attractions. The post-conference program covers a number of cultural tours. More details can be found at the conference website.

## About Honolulu

Located on the southern shore of the island of Oahu, Honolulu is the epicenter of the state of Hawaii. Home to such historic landmarks as Iolani Palace, Pearl Harbor, and Pali Lookout, the biggest city in Hawaii has much to offer to any visitor! More information can be found at: <http://www.gohawaii.com/oahu/regions-neighborhoods/honolulu>

## Hotels

Limited rooms will be provided on campus at the Lincoln Hall of East-West center. The conference will also hold limited rooms at Kapiolani Hotel. Once these rooms are taken, you may reserve at any hotel of your choice in Honolulu.

## Conference Venue

The conference will be held at the Campus Center of the University of Hawaii at Manoa.
